Patterning Topics

- Getting Started: Dress forms, Mockups, and Draping
- Basic Adjustments: Sizing changes, Seam adjustments, Darts
- Specifics: Facings, Collars, Sleeves, Pockets

Getting Started: Dress Forms

Your best friend for fitting!

DIY dress form:

- Wear an old t-shirt
- Have a trusted friend wrap you in duct tape
- Carefully cut the duct tape form off you
- Seal the duct tape form and stuff

Getting Started: Mockups

- Test the pattern before sewing with your expensive fabric
- Make adjustments
- Repeat as many times as necessary
- If using stretchy fabric, make sure your mockup is also in stretchy fabric

Tip: If your costume has a lining, you can use that as your mockup

Getting Started: Draping

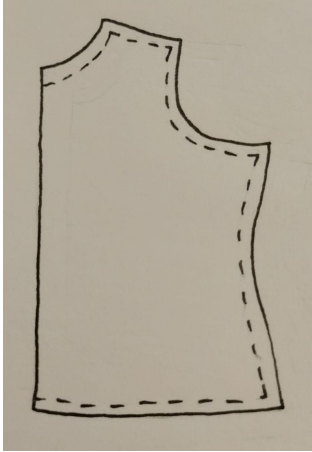

Pinch, fold, and cut the fabric on the dress form to obtain the desired shape

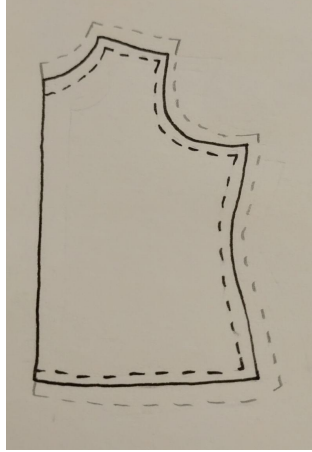

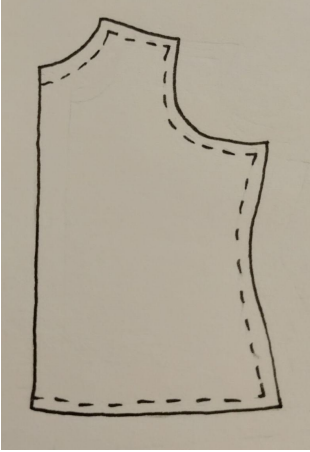

Can also use a marker to draw in new seam lines
